Re: LANGEVIN, Edward
CR # 04-10302-WGY

Date: October 21, 2004

Mr. Langevin appeared before Magistrate Judge Judith G. Dein on September 24, 2004, following a Complaint charging him with Felon in Possession of a Firearm. Mr. Langevin was detained upon a motion by the Government and a detention hearing was scheduled. Mr. Langevin appeared before the Court on October 13, 2004 and was ordered released to inpatient drug treatment. He was further ordered to remove all outstanding warrants prior to his admit for treatment and was given until October 18, 2004 to accomplish that.

On October 18, 2004, Mr. Langevin reported to Pretrial Services with his aunt, Joyce Cegle. He submitted documentation proving that his warrants had been removed. He received information regarding his treatment program at Spectrum Health Systems in Westboro, MA. Ms. Cegles volunteered to transport Mr. Langevin to Spectrum Health Systems. Mr. Langevin indicated that he did not want to participate in a therapeutic community (Spectrum Health Systems) but would comply, rather than remain in jail.

Mr. Langevin reported to Spectrum Health Systems, later that day. On October 20, 2004, this officer spoke with the Director of Treatment at Spectrum, Tom Jordan, advised that Mr. Langevin appeared to be making a positive adjustment.
